

Claim JellyFin Invite

1. Login to the Dashboard
2. You will need to Create your JellyFin username and password (do not use the same user/password as your Dashboard login details

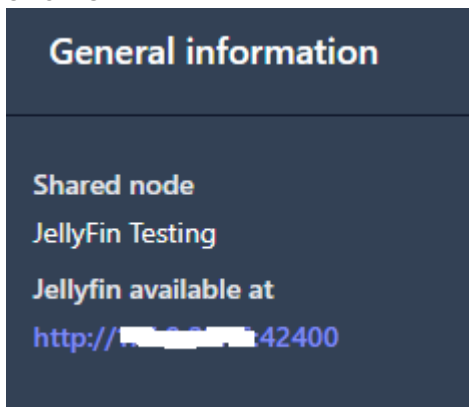

1.

The screenshot shows a dark-themed web interface for creating a new account. At the top, a light blue banner contains a play button icon and the text 'Invite yourself to our Jellyfin server!' followed by 'In order to access the Jellyfin server, you need to create a new user.' Below this, there are two input fields: 'Username' and 'Password'. Both fields have red 'x' icons indicating required fields. The 'Password' field also has an eye icon for toggling visibility. At the bottom right, there is a blue button with a user icon and the text 'Create account!'.

3. Once you have created your Username/Password
 1. Below you will see General Information - this is where you will see your Server IP and Port

2.

The screenshot shows a dark-themed dashboard section titled 'General information'. It contains the following text: 'Shared node' followed by 'JellyFin Testing', 'Jellyfin available at' followed by a blue hyperlink 'http://[redacted]:42400'.

4. Click the Link where it says JellyFin Available at
 1. Enter your User/Password you created
